

**INTERNATIONAL PUBLIC TENDER NO. CPI/03/ 2024  
TENDER SPECIFICATIONS NO. 22/IAVE/2024**

**Procurement of technical-pedagogical consultancy services as part of the project to dematerialize external learning assessment tests**

**CPV classification: 71319000 7 Expert advisory services**

**PART I - Legal Clauses**

**Article 1**

**Object**

1. The purpose of this tender document is to acquire technical-pedagogical consultancy services as part of the project "Adopting dematerialized processes for preparing, distributing, applying, carrying out and grading assessment tests", which aims to dematerialize the external assessment of learning tests (hereinafter the DAVE project or just DAVE), as part of the Recovery and Resilience Plan (PRR) Project C20-i01.01. Within the scope of this project, IAVE, I.P.. will need to be accompanied by an entity with consolidated experience in the field of external assessment in electronic format, to support the process of digital transition of external assessment in Portugal, in the context of redefining and adapting the processes for preparing tests and constructing items by the IAVE, I.P. pedagogical teams, adapting them technically to electronic media, as well as to situations involving the preparation and application of non-public external assessment tests, namely through the use of item response theory.
2. The tender specifications include all its annexes, which are considered to be an integral part of it.
3. In view of the provisions of the preceding paragraphs, the service provider undertakes to provide the services in accordance with the terms set out in these specifications, in particular with regard to the technical specifications described in article 23, and in the tender awarded.

## **Article 2**

### **Form and contractual documents**

1. The contract to be concluded includes the following elements:
  - a) The supply of errors and omissions in the specifications identified by the invited entities, provided that these errors and omissions have been expressly accepted by the body responsible for the decision to contract;
  - b) Clarifications and corrections to the specifications;
  - c) These specifications;
  - d) The winning bid;
  - e) The clarifications provided by the successful tenderer.
2. In the event of a discrepancy between the documents referred to in the preceding paragraph, their respective precedence shall be determined in the order set out therein, without prejudice to the application of the principle of precedence set out in Article 51 of the Public Contracts Code, hereinafter referred to as the CCP.
3. In the event of any discrepancy between the documents referred to in paragraph 1 and the terms of the contract and its annexes, the former shall prevail, except for the adjustments proposed in accordance with the provisions of article 99 of the Public Contracts Code and accepted by the successful tenderer in accordance with the provisions of article 101 thereof.
4. In addition to the documents referred to in paragraph 1, the successful tenderer also undertakes to comply, where applicable, with European and Portuguese standards, specifications and approvals from official bodies and manufacturers or patent holders.

## **Article 3**

### **Good faith**

1. The parties undertake to act in good faith in the performance of the contract and not to exercise the rights provided for therein, or in the law, in an abusive manner.

## **Article 4**

### **Place, form and duration of the contract**

1. Given the nature of the services covered by this procedure, it is generally not necessary to provide them at the premises of IAVE, I.P., without prejudice to situations that may occasionally require the need for the successful tenderer to travel to the premises of IAVE, I.P.
2. The contract shall be in writing, in accordance with article 94 of the CCP, and shall be concluded no later than 30 (thirty) days after acceptance of the draft by the successful tenderer.
3. The contract will take effect on the day it is signed and will run until December 31, 2025.
4. Exceptions to the period established in the previous paragraph of this clause are ancillary obligations which, under legal or contractual terms, must continue beyond the termination of the contract.

**Article 5**  
**Base price**

1. For the purposes of this procedure, the base price is 600 000 euros (six hundred thousand euros), plus VAT at the legal rate in force.
2. The base price is based on the preliminary market consultation, in which four internationally renowned entities in the development of large-scale assessment tests were consulted, having IAVE, I. P. only received two proposals, according to the following table:

Entity	Proposal	Country of origin
ACER	Variable value depending on the specific services contracted. Estimated value approximately 600 000€	Australia
ETS	No answer	USA
Pearson	No answer	England
CITO	Variable value depending on the specific services contracted. Estimated value approximately 600 000€	The Netherlands

**Article 6**  
**Payment terms**

1. The sums owed by IAVE, I. P. under the contract will be paid in accordance with the terms set out in the following paragraphs.
2. Payment of the amount due under the previous clause shall be made in installments to be agreed upon between both parties.
3. Payments shall be made no later than 60 (sixty) days after receipt of the respective invoices, which may only be issued after the respective obligation has fallen due.
4. Under no circumstances are advances granted.
5. If IAVE, I.P. disagrees with the amounts indicated on the invoices, it must inform the contractor in writing of the reasons for this, and the latter is obliged to provide the necessary clarifications or issue a new, corrected invoice.
6. Invoices must contain the commitment number generated by the contracting authority, in accordance with the law, as well as a description of the goods and services.
7. Invoices shall be paid by bank transfer to the IBAN indicated by the successful tenderer upon completion of the supplier form, provided that they have been duly issued and subject to the provisions of the preceding paragraphs.

8. Given its value, the contract is not covered by Article 46(1)(b) of Law 98/97 of August 26 and is not subject to prior inspection by the Court of Auditors.

### **Article 7**

#### **Contractor's obligations**

1. The obligations of the successful tenderer, in addition to others arising from the provisions of the documents relating to this procedure and the applicable legislation, are those listed below, which must be the subject of specific clauses to be included in the contract to be concluded:
  - a) Ensure delivery of the goods and performance of all contractual obligations, as defined in these specifications and their annexes, as well as in the other contractual documents;
  - b) Notify IAVE, I.P., in advance of any event that makes it totally or partially impossible to deliver any of the goods covered by this procedure, or implies non-compliance with any of its other obligations;
  - c) Changing the conditions underlying the provision of the service agreed between the parties, by entering into a written contract between them, only with the prior written authorization of the contracting authority;
  - d) Ensure all human and material resources that prove necessary and indispensable for the execution of the contract;
  - e) Ensure that the information regarding the conditions under which the goods will be provided is correct and reliable, providing any clarifications that may be necessary, within the timeframe indicated by IAVE, I.P.;
  - f) Communicate any fact that occurs during the performance of the contract that is relevant to the normal provision of goods and the performance of the contract, in particular changes to the company name or legal representatives.

### **Article 8**

#### **Patents, licenses and trademarks**

1. The contractor is responsible for any costs arising from the use of trademarks, registered patents, licenses or other similar rights.
2. In the event that IAVE, I.P. is sued for having infringed any of the rights mentioned in the preceding paragraph during the performance of the contract, the successful tenderer will have to pay compensation for all expenses incurred as a result and for all sums paid in any way whatsoever.

### **Article 9**

#### **Use of distinctive signs**

1. Neither party may use the name, trademarks, trade names, logos and other distinctive trade signs belonging to the other without their prior written consent.

## **Article 10**

### **Secrecy**

1. The successful tenderer shall guarantee the confidentiality of any information that may come to their knowledge relating to the activity of IAVE, I.P., as a result of the acquisition of the services that are the subject of this contract, including after the execution of the contract.
2. Excluded from the duty of secrecy provided for in the previous paragraph is information and documentation that is demonstrably in the public domain at the time it was obtained by the service provider or that the service provider is obliged to disclose by law, legal proceedings or at the request of regulatory authorities or other competent administrative bodies.

## **Article 11**

### **Data Protection Regulation**

1. The contractor undertakes to comply with all applicable legal provisions on the processing of personal data, within the meaning of Regulation (EU) 2016/679 of the European Parliament and of the Council of April 27, 2016, on the protection of natural persons with regard to the processing of personal data and on the free movement of such data ("General Data Protection Regulation") and other applicable Community and national legislation, in relation to all personal data accessed within the scope or for the purposes of the provision of the Goods, namely, personal data of clients, employees, collaborators and providers of goods of IAVE, I.P.
2. The parties acknowledge and accept that, with regard to all personal data to which the successful tenderer has access or which is transmitted to him by IAVE, I.P. for the purposes of providing the Goods:
  - a. IAVE, I.P. will act as data controller (as defined in the General Data Protection Regulation), determining the purposes and terms of the processing of this data by the contractor;
  - b. The contractor will act as a processor (as defined in the General Data Protection Regulation), processing personal data in strict compliance with the instructions of the data controller;
  - c. For this purpose, the processing of personal data is understood to be the operations, with or without the use of automated means, carried out on the personal data of IAVE, I.P. employees, including the collection, recording, organization, storage, adaptation or alteration, retrieval, consultation, use, disclosure, transfer and/or making available to third parties, alignment, combination, blocking, erasure and destruction of the aforementioned data.
3. The successful tenderer undertakes, in particular, not to copy, reproduce, adapt, modify, alter, delete, destroy, disseminate, transmit, disclose or otherwise make available to third parties any personal data to which it has access or which is transmitted to it by the data controller under this Contract, without having been expressly instructed to do so in writing by the data controller or by the data subjects in the exercise of their respective rights.
4. Without prejudice to the other obligations provided for in this Contract, the successful tenderer undertakes to comply strictly with the provisions of the applicable legislation on the processing of personal data and in particular to:

- a. Process them only in accordance with the instructions of IAVE, I.P., solely and exclusively for the purposes of this provision of goods, complying with the obligations laid down on data protection;
  - b. To provide any assistance it may require in order to clarify any issue related to the processing of personal data carried out under this Contract and to keep IAVE, I.P. informed in relation to the processing of personal data;
  - c. Providing assistance to IAVE, I.P., taking into account the nature of the processing and the information at its disposal, in order to ensure the obligations relating to the notification of personal data breaches, namely by communicating, whenever possible, within 72 hours of becoming aware (of the occurrence) of any personal data breach that takes place, as well as collaborating with IAVE, I.P. in the adoption of measures to respond to the incident, in the investigation thereof and in the preparation of the notifications that are necessary under the terms of the law;
  - d. Collaborate with IAVE, I.P. taking into account the nature of the processing and, as far as possible, adopt the technical and organizational measures referred to in this Clause, including the encryption or pseudonymization of personal data to reduce the risks for the data subjects in question, not excluding other possible data protection measures, and allowing them to fulfil their obligation to respond to requests from data subjects, with a view to the exercise by them of their rights under the terms of the law;
  - e. Do not communicate personal data to third parties or to providers of goods not authorized or indicated by IAVE, I.P.;
  - f. Depending on the choice of IAVE, I.P. or the owner, delete or return the personal data at the time of the assignment of the Contract, erasing any existing copies, unless the retention or transmission of the data is required by law;
  - g. Keep records of the data processing activities carried out on behalf of IAVE, I.P. under this Contract, in accordance with the requirements of the law;
  - h. Comply with all other legal provisions regarding the registration, transmission or any other processing of personal data provided for by law;
  - i. Do not transfer them outside the European Economic Area without the prior written consent of the data controller;
  - j. Provide the data controller with all the information necessary to demonstrate compliance with the obligations laid down by law in the respective field and facilitate and contribute to audits, including inspections conducted by the data controller or by another auditor mandated by the data controller;
  - k. Ensure that personnel authorized to process personal data undertake a commitment to confidentiality and that they know and undertake to comply with all the obligations set out herein.
5. The contractor undertakes to implement the technical and organizational measures necessary to protect the personal data processed on behalf of IAVE, I.P. against accidental or unlawful destruction, accidental loss, alteration, unauthorized disclosure or access, and against any other form of unlawful processing of the same personal data.
6. The measures referred to in the previous paragraph must guarantee a level of security appropriate to the risks presented by the data processing, the nature of the data to be protected and the risks of varying likelihood and severity to the rights and freedoms of natural persons.

7. The successful tenderer agrees that access to personal data processed under this Contract shall be strictly limited to personnel who need access to such data for the purposes of fulfilling the obligations undertaken by the successful tenderer hereunder.
8. The successful tenderer undertakes to notify the data controller of any situation that may affect the processing of personal data or in any way give rise to non-compliance with the legal provisions on data protection, and must take all necessary measures within their power to stop it immediately.
9. The successful tenderer shall be liable for any damage that IAVE, I.P. may incur as a result of the processing of personal data by it or its staff or in breach of the applicable legal rules and the provisions of this Contract, when such breach is attributable to the successful tenderer, and jointly and severally with the staff within the scope of the service provided, when the breach is attributable to their actions.
10. The successful tenderer is authorized to subcontract to a third party in order to collaborate in the provision of the goods, but undertakes to ensure that the third party complies with the provisions of the applicable legislation, which obligation must be set out in a written contract that it undertakes to enter into with the third party for this purpose, as well as ensuring compliance with the obligations arising from Regulation (EU) 2016/679 and other applicable legislation on Personal Data, binding its actions to the essence, nature and purposes of this contractual provision, in strict compliance with the duty of secrecy and confidentiality.
11. Whenever IAVE, I.P. receives a request for access to or rectification of personal data or an objection to its processing from its data subjects, the successful tenderer shall assist the data controller by means of appropriate technical and organizational measures to enable it to fulfil its obligation to respond to the data subjects' requests, with a view to exercising their legal rights.

## **Article 12**

### **Changes to the contract**

1. The contract may be amended, in accordance with articles 311 and 312 of the CCP, namely by:
  - a) Agreement of the parties, which cannot take a less solemn form than a contract;
  - b) An abnormal and unforeseeable change in the circumstances on which the parties based their decision to contract, provided that the requirement of the obligations assumed by them seriously affects the principles of good faith and is not covered by the risks inherent in the contract;
  - c) Reasons of public interest arising from new needs or a new consideration of existing circumstances, without prejudice to any compensation that may be due, under the terms of the law.

## **Article 13**

### **Assignment of contractual position**

1. The contractor may not assign its contractual position without prior authorization from IAVE, I.P.
2. The successful tenderer shall be authorized to subcontract to a third party in order to collaborate in the provision of the goods, provided that it is ensured that the third party will comply with the

provisions of the applicable legislation, and this obligation must be set out in a written contract which, to this end, it undertakes to enter into with the third party in which the third party undertakes to comply with the obligations arising from Regulation (EU) 2016/679 and other applicable legislation relating to Personal Data, binding its actions to the essence, nature and purposes of this contractual provision, in strict compliance with the duty of secrecy and confidentiality.

3. For the purposes of the authorization provided for in the previous paragraph, the transferee must submit all the documentation required of the successful tenderer in this procedure, so that IAVE IP. can verify that the transferee is not in any of the situations provided for in article 55 of the CCP and that the transfer does not alter the circumstances of compliance with the contractual and legal obligations.

#### **Article 14**

##### **Contract termination**

1. Failure by one of the parties to comply with the obligations arising from the contract shall entitle the other party to terminate the contract, under the terms of the applicable legal regime, without prejudice to the corresponding legal compensation and other general grounds for terminating the contract provided for by law.
2. For the purposes of the preceding paragraph, definitive non-compliance shall be deemed to exist when there is a delay in performance for a period of more than 10 (ten) working days, after admonitory interpellation, which sets a deadline for compliance of no less than 10 (ten) days.
3. Termination shall be effected by prior notice, by registered letter with acknowledgement of receipt, sent at least 10 working days in advance, counted from the date of what is considered to be definitive non-compliance, as provided for in the previous paragraph of this same article.
4. Termination of the contract is without prejudice to the application of any financial penalties, in accordance with the following article.

#### **Article 15**

##### **Penalties**

1. In the event of non-compliance with contractual obligations, the contracting authority may impose the following financial penalties on the contractor, depending on the seriousness or repetition of the infringement:
  - a) For failure to comply with obligations relating to the duty of confidentiality, up to €1.000,00 (one thousand euros) per infringement;
  - b) For non-compliance with obligations relating to intellectual property and personal data, up to €1.000,00 (one thousand euros) per infringement;
  - c) For failure to comply with information duties, up to €250,00 (two hundred and fifty euros) per infraction;
  - d) For failure to comply with any order addressed to the successful tenderer under the terms of these Terms and Conditions, including the obligations set out in Clause 1, up to €250,00 (two hundred and fifty euros) per infringement;

- e) Failure to comply with the obligations listed above may result in the application of the aforementioned penalties, not exceeding 20% or 30% of the total amount awarded, depending on the case, and in accordance with Article 329 of the CCP.
2. The payment of any penalties incurred by the contractor shall be deducted from the second party's net invoicing.
3. The application of the penalties provided for in this clause shall be subject to a prior hearing, under the terms of article 308(2) of the CCP.
4. The successful tenderer shall be notified in writing so that it can comment within 10 (ten) working days. If the successful tenderer does not comment within the time allowed, the contracting authority shall apply the penalty in accordance with paragraph 2 of this Clause.

#### **Article 16**

##### **Late payment by the contracting authority**

1. Late payment of any invoices duly issued shall not entitle the successful tenderer to invoke the exception of non-compliance with any of its obligations under the contract, except in the cases provided for in article 327 of the CCP.
2. The delay in any payment does not determine the maturity of the remaining payment obligations.
3. In the event of late payment, payments due by the contracting authority shall bear interest at the legal rate from the date on which they became due until payment in full, in accordance with article 326 of the CCP.
4. In the event of disagreement over the amount due, the public contracting party must pay the amount on which the co-contractor agrees.
5. Amounts contested by the contracting authority and subject to correction do not bear default interest in the event of non-payment.

#### **Article 17**

##### **Acts of God or force majeure**

1. Neither party shall incur liability if, due to unforeseeable circumstances or force majeure, it is prevented from fulfilling the obligations assumed in the contract, this being understood as circumstances that make it impossible to perform, beyond the control of the affected party, which it could not have known or foreseen at the time the contract was concluded and the effects of which it was not reasonably required to circumvent or avoid.
2. Earthquakes, floods, fires, epidemics, sabotage, strikes, international embargoes or blockades, acts of war or terrorism, riots and injunctive government or administrative orders may constitute force majeure if the requirements of the previous paragraph are met.
3. The following do not constitute force majeure
  - a) Strikes or labor disputes limited to the companies of the second party or to groups of companies in which it is integrated, as well as to companies or groups of companies of its subcontractors;

- b) Circumstances that do not constitute force majeure for the second party's subcontractors, insofar as they are involved;
  - c) Governmental, administrative or judicial determinations of a sanctioning nature or otherwise resulting from the second party's failure to comply with its duties or obligations;
  - d) Popular demonstrations resulting from the second party's failure to comply with legal regulations;
  - e) Fires or floods originating on the premises of the second party whose cause, spread or proportions are due to its fault or negligence or failure to comply with safety regulations;
  - f) Breakdowns in the second party's computer or mechanical systems not due to sabotage;
  - g) Events that are or should be covered by insurance.
4. The party invoking unforeseeable circumstances or force majeure must immediately notify and justify such situations to the other party, by any written means, as well as inform them of the foreseeable deadline for restoring the situation.
5. Force majeure determines the extension of the deadlines for fulfilling the contractual obligations affected for the period of time demonstrably corresponding to the impediment resulting from the force majeure.

#### **Article 18**

##### **Time limits in the contract execution phase**

1. The following rules shall apply to the calculation of time limits during the execution phase of the contract to be concluded as a result of this procedure:
- a) Time limits are continuous and are not suspended on Saturdays, Sundays or public holidays;
  - b) A deadline that falls on a Saturday, Sunday, public holiday or a day on which the office before which the act is to be performed is not open to the public, or does not operate during normal hours, is transferred to the next working day.

#### **Article 19 °**

##### **Conclusion of the written contract**

1. In accordance with Article 94(1) of the CCP, the contract shall be in writing.

#### **Article 20 °**

##### **Communications and notifications**

1. All notifications and communications between the contracting authority and the contractor must be made in writing, by post or email, to the address or registered office of each, identified in the contract, clearly enough for the recipient to be aware of their nature and content.
2. Any changes to the contact information contained in the contract, even if they are one-off or temporary, must be communicated immediately and in writing to the other party.

3. Without prejudice to the provisions of the preceding paragraphs, matters relating to notifications and communications shall be regulated in accordance with the provisions of articles 467 to 469 of the CCP.

#### **Article 21 º**

##### **Reasons for the procedural decision**

1. This international public tender procedure is adopted under the terms of article 20 a) and article 130 et seq. of the CCP and the decision to contract was taken by the Chairman of the Board of Directors, Dr. Luís Pereira dos Santos.

#### **Article 22**

##### **Jurisdiction**

1. The provisions of the CCP and other applicable legislation and regulations shall be observed in all matters not covered by these specifications.
2. For any disputes arising from the contract, namely relating to their interpretation, execution, non-compliance, invalidity, termination or reduction, the Lisbon district court has jurisdiction.

## Part II

### Technical specifications

#### Article 23

#### Technical specifications of the services

1. The technical specifications for the services covered by these specifications are as follows:

As part of the digital transformation of external assessment tests and the paradigm shift from PBA (*paper-based assessment*) to CBA (*computer-based assessment*), three main strategic lines of action have been defined:

- External monitoring and follow-up of the entire DAVE development process;
- Monitoring the development of the technological processes in which DAVE will operate;
- Training of IAVE's human resources for the development of items and the preparation of tests in electronic format, including the application of the Item Response Theory (IRT).

Table I - Timetable and costs

Year	Evidence	Cost €
2024	Construction of non-public digital Assessment Tests (PA) (According to Annex I), with pre-testing of items and application of the Item Response Theory (IRT).	300.000,00
2025	Analysis of the results of the assessment tests and preparation of reports. DAVE project evaluation report.	300.000,00

The consultancy planned for each of the above years will focus on the following areas:

1. Support for the development and implementation of non-public digital PAs

This includes training sessions and technical support, reports, statistical analysis and other theoretical and/or functional services in the following areas:

- Theoretical construct of item construction in CBA: taxonomy and classification of items, levels of complexity and use of supports;
- Construction of digital items;
- Construction of interactive items for problem-solving assessment situations and simulation of experimental activities;
- Pre-testing and psychometric analysis of the items in digital format, including their calibration, also within the framework of the IRT;
- Statistical analysis of the results and construction of systems for presenting the results in line with international studies;
- Design of national results reports, school, class and student reports, in line with international studies;

- Design of the final project evaluation report.

## 2. Item classification

It includes carrying out studies, analyses and other services of a theoretical and/or functional nature in the following areas:

- Classification of construction items, namely in the development and improvement in the construction of criteria for classifying items, including those with interactive or simulation-based digital tasks, in the definition of cut-off lines (*Standard Setting*) and in the technical options to be adopted in this field.

A minimum of the documents listed below in Table II - Products to be submitted and project timetable must be submitted. Additional reports/opinions may be requested if necessary for the proper development of the work to be carried out, which will be requested in good time by the contracting authority.

Working sessions will be held with the IAVE, I.P. teams involved in the project, a minimum of 3 sessions per month to monitor the development of the project. The sessions will be scheduled by mutual agreement between the contracting authority and the contractor. The number of sessions may be higher, according to the needs verified and in order to guarantee the effective development of the project, and will be agreed between the contracting authority and the contractor.

Table II - Deliverables and project timetable

Year		Reports
<b>2024</b>	September 6th	First meeting with the Director of IAVE, I.P., and the Director of External Assessment Services to define the guidelines for the work to be carried out.
	September 23th	Diagnostic report and definition of the action plan, with a timetable for the actions, to be delivered no later than 10 working days after the first meeting.  The aim of this report is for the entity to establish the action plan and timetable for the construction of digital, non-public PAs, to be applied in June 2025, encompassing the construction of digital items, their pre-testing, the psychometric analysis of the pre-testing, the definition of the tests, their application and the format of the school, class and student results reports.
	September 30th	Work begins on designing the PAs, with training sessions for the IAVE teams.
	November 29th	Work begins on pre-testing the items, analyzing the results and stabilizing the tests.
<b>2025</b>	January 31st	Presentation of an interim report, specifying the degree of implementation of the action plan presented, an evaluation of the results and proposals for improvement and/or changes to the timetable that are deemed necessary.
	April 30th	Finalization of the PAs.
	June	Application of PAs.
	July	Production of school, class and student reports.
	September 1st	Work begins on designing the PAs for 2026, with the introduction of process improvements.
	November 20th	Pre-testing of items, analysis of results and stabilization of tests.
	December 31st	Delivery of the final project report, which will specify the degree of implementation, the final evaluation of the products and proposals for future actions and improvements yet to be implemented.
